

## Coronavirus (COVID-19) Update for State Regulatory Boards

March 17, 2020

NCCAOM is closely monitoring the impact and spread of the coronavirus in the U.S. and abroad. NCCAOM's headquarters and operations remain unaffected by the COVID-19 outbreak at this time. We are constantly evaluating the situation with news from the [Center for Disease Control \(CDC\)](#), [World Health Organization \(WHO\)](#) and other government sources and will provide updates as the situation evolves. The NCCAOM is ready to assist our stakeholders in understanding how this virus impacts our community, our state acupuncture licensing agencies and especially our NCCAOM Board-Certified Acupuncturists. We strive to ensure we continue to meet the needs of our Diplomates and applicants as well as learning what impact this crisis may have to your agency. Please feel free to contact the NCCAOM at [covid19alerts@thenccaom.org](mailto:covid19alerts@thenccaom.org) if you have information regarding the effect the COVID-19 is having on your licensing and re-licensing processes or if you have any questions regarding this announcement.

[Pearson VUE](#), our test administration vendor continues to post test center status reports [here](#). NCCAOM is continuously working with Pearson VUE on available options if government regulations prevent or reduce the availability of examination centers locations. NCCAOM will also work with candidates impacted by changes due to the virus and candidates who need to reschedule due to a positive test for the virus.

NCCAOM appreciates our partnership with our state regulatory agencies and will continue to work together with your office and all our stakeholders during this national crisis. We will communicate with you as situations change during the coming weeks. Our best wishes to all state agencies and their staff during this critical time.

If you have any questions, call (888) 381-1140 or email [covid19alerts@thenccaom.org](mailto:covid19alerts@thenccaom.org).
