

NCCAOM Announcement to CCAOM and Schools Regarding the Coronavirus Outbreak

March 17, 2020

Dear CCAOM Members and School Officials,

NCCAOM is closely monitoring the impact and spread of the coronavirus in the U.S. and abroad. NCCAOM's headquarters and operations remain unaffected by the COVID-19 outbreak at this time. We are constantly evaluating the situation with news from the [Center for Disease Control \(CDC\)](#), [World Health Organization \(WHO\)](#) and other government sources and will provide updates as the situation evolves. We are committed to maintaining the operations of all our services as smoothly and efficiently as possible.

[Pearson VUE](#), our test administration vendor continues to post test center status reports [here](#). We encourage your students to check this page if they are planning on scheduling exams. NCCAOM is continuously working with Pearson VUE on available options if government regulations prevent or reduce the availability of examination center locations for April - May 2020 Linear Exam Administration.

For students who had taken the exams during the January 2020 linear administration, the exam results have been posted to their profile on the [NCCAOM portal](#).

NCCAOM appreciates our strong relationship with school administrators and liaisons and will continue to communicate with you as we learn more about the effects of the Coronavirus outbreak and any effects on the NCCAOM application or examination process. Our best wishes to all administrators, staff, faculty and students during this national crisis.

If you have any questions, call (888) 381-1140 or email covid19alerts@thenccaom.org. Please visit the [NCCAOM COVID-19 Hub](#) for the latest updates.

Sincerely,

Mina M. Larson, M.S., MBA, CAE
Chief Executive Officer
